

Md. Adnan Mahmud

Software Engineer | Full Stack, Frontend, Automation & DevOps

adnan@adnanmahmud.me | +8801327228777

Portfolio: adnanmahmud.me | GitHub: github.com/adnanmahmud0

LinkedIn: linkedin.com/in/adnanmahmud99

Professional Summary

Software engineer with more than three years across frontend and full stack roles, delivering production web and mobile applications, marketplace platforms, workflow automation, data-validation systems, and reusable development tooling for international clients. Hands-on experience across React.js, Next.js, Express.js, Python, Flask, React Native, databases, Docker, CI/CD, and Linux-based deployment environments. Progressed from Trainee to Executive Full Stack Developer while taking on team leadership and project-management responsibilities. Complement technical delivery with experience in creative direction, visual consistency, security remediation, and client-focused product development.

Technical Skills

Frontend: React.js, Next.js, Vite, Tailwind CSS, shadcn/ui

Backend: Express.js, Next.js, Python, Flask, JWT authentication

Mobile & desktop: React Native, Flutter, Electron.js, Progressive Web Apps

Databases & ORM: MongoDB, MySQL, PostgreSQL, SQLite, Oracle SQL, Prisma ORM

DevOps & tools: Docker, Git, GitHub, Postman, CI/CD pipelines

Cloud & systems familiarity: VPS, AWS, Ubuntu, Linux Mint, GitHub-based automated deployment

Additional exposure: Web scraping, data validation, affiliate automation, reusable AI development instructions

Professional Experience

Sparktech Agency | Dhaka, Bangladesh | Jul 2025 – Present

Promoted from Trainee to Junior to Executive Full Stack Developer.

Executive Full Stack Developer | Jul 2026 – Present

Team Lead and Project Manager

- Lead frontend and full stack development across client projects, translating requirements into implementation priorities and coordinating delivery with the team.
- Guide frontend design and development while contributing hands-on to product features, backend workflows, application maintenance, and project delivery.

Junior Full Stack Developer | Nov 2025 – Jul 2026

- Contributed to frontend and backend features and supported application maintenance within the engineering team.

Trainee Full Stack Developer | Jul 2025 – Oct 2025

- Built practical frontend and backend experience through hands-on implementation and team collaboration.

Co-Lead (Concurrent Responsibility) | Dec 2025 – Present

- Support team coordination and work organization; received a Best Team of the Month certificate.

Lead Creative Officer (Part-time) | Sep 2024 – Sep 2025

Empower NextGen Ltd. | Savar, Dhaka | Hybrid

- Led design direction and feedback, developed visual concepts, maintained consistency, and supported hands-on design work during high workloads.
- Served as a judge for Pro Skill Battle 2025, evaluating participants and providing professional assessments.

Frontend Developer (Part-time) | Jan 2023 – Jan 2025

Q-bit Learning | Hybrid

WordPress Developer (Part-time) | Jan 2022 – Dec 2022

Spark 71 Tech | Savar, Dhaka | Remote

Selected Projects

JBay | Production Vehicle and Auto Parts Marketplace

jbay.shop | Web and mobile

- Delivered a \$10,000 full-stack marketplace launched in Jamaica for buying and selling vehicles and auto parts.
- Integrated WhatsApp Business communication and seller locations to help buyers connect with sellers across the platform.

Sneaqers | Product Management and Affiliate Automation

sneaqers.nl

- Replaced spreadsheet-based product management with a custom admin panel supporting a catalog of 3,730 products.
- Automated product-data extraction and unique affiliate-link generation from URLs, processing 1,000 products in approximately 1.23 minutes versus 200–300 manual entries per day.

Bella Car Wash | Automated Web and Mobile Service Platform

Apple App Store: Bella Car Wash | Web and iOS

- Connected service purchases, code scanning, station access, vehicle confirmation, wash activation, and live progress in a web and mobile workflow.
- Implemented payment holds released after wash completion and customer confirmation.

Property Listing Validation | Internal Automation Platform

Confidential UK client | Progressive Web App

- Built a cross-platform scraping and validation system that compares listings, flags incorrect or outdated data, and notifies responsible contributors.
- Integrated publishing, editing, and deletion for connected Meta pages; delivered the platform as a Windows-ready PWA.

Full-Stack Turborepo Starter Kit | Personal Developer Tool

github.com/adnanmahmud0/fullstack-turborepo-starter-kit

- Created reusable frontend, backend, and mobile variants supporting SQLite, PostgreSQL, MongoDB, Flutter, and React Native.
- Configured GitHub-triggered CI/CD for server deployment and added reusable AI skills and project setup instructions.

Tabha | Travel Affiliate Platform

tabha.net | Next.js, Travelpayouts

- Built a Next.js travel affiliate platform with content administration, SEO, AI-assisted affiliate workflows, and optimized page performance.

Additional Projects

Sydney Funeral Printing | Online Design and Print Ordering

test.sydneyfuneralprinting.com.au | In development

- Developed an invitation-design and print-ordering platform for an Australian client, including an administration marketplace for selling designs.

Hand & Hand Ceremonies | Website Security Remediation

hand-n-handceremonies.com

- Remediated remote code execution and cryptojacking; removed malware and backdoors, patched vulnerabilities, and protected exposed secrets.

Radessen | Home Decoration Website and CMS

radessen.com | California market

- Built a customer-facing home decoration website with performance optimization, SEO, and a custom content-management system for client-managed updates.

Additional Websites

Acclimation Sports Management and TradeLock Global

Education

Master of Science (MS), Management Information Systems

Daffodil International University (DIU) | Jan 2026 – Apr 2027 (Expected)

Bachelor of Science (BSc), Computer Science

Daffodil International University (DIU) | May 2021 – Apr 2025

Leadership and Activities

Researcher | Health Information Reach Lab

Executive Member | Computer Programming Club, Daffodil International University

Member | Prothom Alo Bondhushava, Daffodil International University

Student Council Member | Sristry Academic School and College

Professional Partnership

Hostinger Affiliate Partner
